

INTRODUCING ENGAGE ACADEMY

A PAGE PROFESSIONAL LEARNING EXPERIENCE

The Professional Association of Georgia Educators introduces **ENGAGE ACADEMY** — a professional learning experience that empowers educators to transform schools and classrooms into engagement-focused environments where students thrive and teachers excel.

A fully collaborative, transformational experience, **ENGAGE ACADEMY** blends innovation with real-world, real-time application. Within each **ENGAGE ACADEMY** session, facilitators provide the strategies, tools, and conceptual framework to guide participants as they become co-creators of their own engagement-focused solutions.

ENGAGE ACADEMY cohorts are forming now. PAGE encourages teachers, administrators, and college students in educator preparation fields to join in this exciting work. Through **ENGAGE ACADEMY**, you'll acquire vital skills and practical knowledge to transform teaching and learning in your classroom, your school, and beyond.

ENGAGE ACADEMY Outcomes:

- Gain a holistic understanding of students' needs and their varied motives for learning
 - Design meaningful, engaging work across departments, grade levels, and teams
 - Extend engaging work from your classroom to your school as you develop skills for building effective relationships and two-way communications
 - Learn to leverage essential resources (information, time, people, space, and technology) to fully implement meaningful work
-

Registration Information: Cohorts forming now across the state. All are two years in length with a total of eight sessions. Any Georgia educator may register — including college students enrolled in educator preparation fields and college of education professors. Two or more teachers or administrators may apply per school. PAGE members, college students, and staff participate at no cost (inclusive of registration, mileage, substitute teacher, in-session meals, and lodging if needed). All other participants will incur a \$200 registration fee (inclusive of in-session meals and materials) and be responsible for their own transportation and substitute teacher costs. First-come, first-served availability with PAGE members receiving priority. Once a cohort reaches 60 participants, applicants will be waitlisted.

Register now or contact a PAGE ENGAGE ACADEMY lead for additional details:
